

Important Information Regarding Your New Great Plains Customer Account Number

In February, Great Plains Natural Gas upgraded its customer billing system, and you began receiving a new bill format. As a result of this change, your Great Plains customer account number also has changed.

To ensure prompt crediting to your account, please remember to include your new account number on any checks or payments mailed to Great Plains. If you are using a bill pay service to automatically pay your Great Plains bill, make sure your information is updated with the new Great Plains customer account number.

Your new account number is located in the upper right corner of your Great Plains bill.

The image shows a portion of a Great Plains bill stub. An arrow points to the 'ACCOUNT NUMBER' field in the upper right corner. The bill includes the company logo, name, and address, as well as account details like the bill date and amount.
