Free Low-Flow Shower Heads: Great Plains customers who heat their water with natural gas are eligible for a free low-flow shower head for each shower fixture in their home.

Furnace/Boiler Tuneup: Great Plains customers are eligible for a rebate of \$50 when they have a furnace or boiler tuneup performed by a qualified contractor. This program is available to customers who have not received a furnace/boiler tuneup rebate from Great Plains in the past two years.

Attic Insulation: This program requires that the home have an energy assessment performed (by Great Plains) prior to the insulation project.

The beginning R-Value of the existing attic insulation must be less than R-25 and the ending R-Value of the attic insulation must be R-49 or greater. If the insulation project meets these qualifications, and an energy assessment was performed by Great Plains prior to the project, Great Plains will provide a rebate of \$150 or 50% of the cost of the insulation project, whichever is less.

Home Energy Assessment: Customers are eligible to have a home energy assessment performed on their home for a cost of \$50.

Pilotless Fireplace: Great Plains natural gas customers who purchase and install a new pilotless natural gas fireplace, or retrofit their existing natural gas fireplace, qualify for a rebate of \$75.
