# Are you planning on ...

**Planting a tree?**

**Digging a hole for a mailbox?**

**Installing a fence?**

**Remember to call 811 – 48 hours ahead of time**

**The first step to any project is SAFETY!**

There are many utility lines buried on your property – electric, telephone, natural gas or propane, water, sewer, cable TV. Damaging an underground facility can cause injury or even death. Before you dig, call 811 – 48 hours in advance of your digging project – to have these lines located. These locates do not include any lines you may have installed to your private facilities (i.e. gas grills, detached garages, wells, yard lights, etc.).

**It's free, it's simple and it's the law.**

## What do the marks and colors in my yard mean?

**Red**

**Electric**

**Yellow**

**Gas-Oil-Steam**

**Orange**

**Communication-CATV**

**Blue**

**Potable Water**
