Project Information:

Please provide a complete description of the proposed project including the equipment being installed, modified and/or replaced in the space below. Please attach copies of any project bids and engineering calculations of energy savings including all assumptions. Rebates must be approved prior to work being completed.

Terms and Signature

I understand that a Great Plains representative will contact me regarding this proposed custom project to determine project applicability and if approved any estimated rebate amounts available for the project. Measurement and Verification of savings may be required, which may include pre and post measurement of energy consumption.

Preliminary rebate estimates may be reduced based on the actual amount of verified energy savings

Customer Signature:	Date:

Great Plains Internal Use Only - Completed project summary form must accompany this application. Rate Class _____ MCF Saved _____ Date Received _____

Total Rebate Amount _____ Approved By _____ Date _____ Account Distribution 73106.5731.29080.284906

QUALIFICATIONS

- The qualifying project must be for a Minnesota commercial building served with natural gas from Great Plains Natural Gas Co. (Great Plains).
- To qualify for a rebate, the project must be pre-approved prior to installation.
- Equipment dealers are not eligible to receive their customer's rebate.
- Equipment installed under warranty replacement does not qualify for a rebate under the project.
- The estimated rebate will be based on the amount of energy savings calculated by Great Plains and the project economics.
- Measurement and Verification of energy savings may be required, which may include pre and post measurement of energy consumption.
- Preliminary rebate estimates may be reduced based on the actual amount of verified energy savings.
- Great Plains will not issue rebates for more than 50% of the cost of the service, equipment or energy saving measure.

APPLICATION REQUIREMENTS

- Prior to implementation of the project an application must be completely filled out with customer, contractor, and project information.
- The application must include copies of any project bids and engineering calculations supporting the energy savings, including all assumptions.
- Great Plains is unable to accept applications that do not include all this information.
- If the project does not qualify, no rebate will be paid.
- If you have questions about completing this form please call Great Plains at 1-877-267-4764 or email energyrebates@mdu.com
- Mail completed application including all supporting information to:

Great Plains Natural Gas Co.
Attn: Energy Programs
400 North 4th Street
Bismarck, ND 58501

Once Great Plains receives the application a Great Plains representative will contact you regarding the project applicability, energy savings calculations, and possible measurement and verification plan. Approval of the project will be in writing and will include an estimate of the rebate amount. Once the project has been approved the project can be completed. Once the project is completed a site inspection by Great Plains and a copy of all invoices is required prior to approval of payment.

REBATE DETAILS

Rebate qualifications and amounts are subject to change. Rebate funds are limited. Completed rebate forms will be processed in the order in which they are received. Great Plains ECO rebate programs may be cancelled or changed at any time.

The rebate application form must be postmarked by December 31 of the plan year for the rebate to be processed. Rebates will not be paid if funds are depleted prior to December 31.

Rebate amounts will be issued for equipment installed between January 1 and December 31 of the plan year only. Great Plains issues rebates in the form of checks, not utility bill credits. Great Plains is not responsible if the dealer does not provide accurate information about the amount of rebate or equipment eligibility. Allow 4-6 weeks for rebate processing.
